Profile

After getting experience of 9 Years in IT industry by running an Pvt. Ltd. Firm, I decided to move on and in the year 2019 started an Startup Business on 12.07.2019 by name of **SetupNew Infotech**. My main aim was to cater Startup Industry, as they are not that much technically sound and also they don't get proper guidance from where to start the business and which type of technology will help them in growing. Keeping this in mind I started working and started to find such needy people, who were in-search of someone like me and I was searching someone like them. Luckily I got such customers and so my Journey begins.

Our digital services include Web Designing, Development, Revamping, Mobile Application, Web application, Digital Marketing (SEO, SMO, PPC), Bulks SMS Solutions, Maintenance Contract, Total Infrastructure Setup, Trademarking, Company Registration, Logo designing, Graphic Designing, Branding, Printing etc. which offers great web power and value for our clients.
